**This book can be read as a standalone, has a HEA, and no cliffhangers!**

Emily Allen crashed on Angondra with the same Romarie transport vessel carrying Chris Sebastiani and hundreds of other human women, but Emily fell out when the ship broke up in the atmosphere. She landed on the border of Ursidrean territory, and she wakes up in the infirmary after months in a coma. After befriending Aria and Alpha Donen and their family, she convinces the medic who saved her life to take her back to the Lycaon border to find her sisters and her cousin who were on the same ship.

Little do they know this seemingly straightforward trip will lead them into the heart of Angondran politics. At every turn of the road, their adventure brings them into contact with the hidden secrets of the Angondran factions, until Emily and her friends hold the keys to the planet's future in their hands.

Can they salvage what's left of their new home in time to save it from destruction?
