NEBOSH Certificate in Fire Safety and Risk Management: Essential Health and Safety Guide for Those with Management Responsibility in Fire Safety

NEBOSH Certificate in Fire Safety and Risk Management: Essential Health and Safety Guide for Those with Management Responsibility in Fire Safety

This 5th edition is now full colour throughout and meets the learning requirements of the current NEBOSH Certificate in Fire Safety and Risk Management syllabus specification. The syllabus was developed in conjunction with IOSH's (the Institution of Occupational Safety and Health) Specialist Fire Risk Management group and is based on National Occupational Standards for Fire Safety at Level 3, which has common units with the Emergency Fire Services National Occupational Standards. An appropriate source of information for those moving into Fire Safety Advisor roles; enables them to carry out fire risk assessments of most low risk workplaces and identify the range of fire protective and preventative measures required. Fire Service Personnel will also find the publication of benefit in developing their underpinning knowledge as part of the Integrated Personal Development System. This guide will provide an excellent reference for all those with management responsibility in fire safety to help enable them to ensure that their organisation meets its legal duties and safeguards its people and its business. The guide meets the Employment National Training Organisation (ENTO) standards for health and safety at NVQ Level 3. Includes the essential requirements of the Department for Communities and Local Government Guidance to the Regulatory Reform (Fire Safety) Order 2005 at a level appropriate to this course of study and qualification. Students studying for NEBOSH Certificate in Fire Safety and Risk Management and similar qualifications, will find this book particularly useful.
