Introducing the first book published on this low-force adjusting technique! It offers a how-to approach to the Activator Methods Chiropractic Technique, guiding you from basic scan protocols through more advanced course work. Written in a clear, concise, and easy-to-follow form, it first introduces the technique and then discusses how it is applied to every region of the body. Also provides valuable clinical information on specific symptoms, ways to rule out particular conditions, contraindications, and treatment suggestions.

* Covers an effective, low-force method--suitable for any patient. * Co-written by a founder of AMCT. * Takes you step by step through treatments for every body part. * Helps you evaluate symptoms, rule out conditions, and select treatment. * Provides scientific rationale for each test.
