Discovering Freemasonry in Context: The Laboratory of Moral Science

John Bizzack Ph.D.

Discovering Freemasonry in Context: The Laboratory of Moral Science John Bizzack Ph.D.

This book provides a welcome and enjoyable reminder of the importance thinking in context and especially doing so when researching Freemasonry and history in general. Written with eye-opening and in balanced style, it encourages us with many examples to put things in context and look with clear vision to validate our thinking – and not fall prey to evidence-troubled theories and the thinking it typically causes. Encyclopedic in coverage, the book offers something for Masons as well as non-Mason – straightforward, direct and informative. An important contribution to Masonic literature.
