This remarkable evolution series, narrated by the Universe itself, concludes with this third book, the amazing story of mammals and humans. It picks up after From Lava to Life: The Universe Tells Our Earth Story with the extinction of dinosaurs, and tells how tiny mammals survived and morphed into lots of new Earthlings ... horses, whales and a kind of mammal with a powerful imagination--you! It is a story of chaos, creativity and heroes--the greatest adventure on Earth! And it is a personal story . . . about our bodies, our minds, and spirits. It is our story. As the president of the American Montessori Society said, These books are alive with wonder, radiance, and deep relevance.
