What happens when you fall in love with the man trying to ruin the business you've built from the ground up?

Camilla "Cami" Graham

At the age of 28 years old, I've accomplished most of my goals in life. I own my own business (a popular music website), my house in Rocky River is paid for completely, and I drive a dark green BMW 5 Series to the office every morning. Ten other people depend on me for their livelihood. I act like a Boss because I am one.

The only thing I've not found is a man worth my time. Well, until Cameron sits down in my office. By the time I find out he's trying to actively ruin my company, I've developed feelings for him. Deep ones. I don't have time for a relationship with someone as complicated as him, but I can't seem to resist him.

Cameron "Cam" Slavinsky

After I hacked the wrong man's servers and ended up on a mission to destroy Camilla's business in order to protect my sister who needed my help, I find myself falling for her. Black, beautiful, smart, funny – she is the whole package and more. She comes from a privileged background, so unlike me, but I think we have something special.

How am I supposed to choose between my own flesh and blood and this smart, sassy and sexy businesswoman I've come to know? My life is falling apart around me as I make one bad decision after another, but time and time again, Cami is there for me. Will she stand by my side when I make the biggest mistake of my life?
