## **Lorna Simpson** Joan Simon

This comprehensive catalogue of Lorna Simpson's critically acclaimed 30-year body of work highlights her photo-text pieces as well as film and video installations to reveal how the artist explores identity, memory, gender, history, fantasy, and reality. Lorna Simpson is a conceptual artist who uses her camera and words to construct new worlds and deconstruct the worlds we know. This monograph opens with her earliest documentary photographs shot between 1978 and 1980, many never before exhibited, and includes her most recent works: large-scale serigraphs on felt and a work-in-progress video installation, *Chess*, in which Simpson herself, in a rare appearance in her work, recreates images discovered in an anonymous archival photo album. The book also features the photo-text pieces of the mid-1980s that first brought Simpson critical attention; stills from moving picture installations such as *Interior/Exterior*, *Call Waiting*, *The Institute*, and *Momentum*; and drawings related to her film and video work. Throughout the volume, Simpson's questioning of memory and representation is evident, whether in her moving juxtaposition of text and image, in her pairings of staged self-images with their sources in found photographs, or in her haunting video projection *Cloudscape* and its echo in the felt work *Cloud*.
