Beware and Warning!

This book is different from other books.

You and YOU ALONE are in charge of what happens in this story.

There are dangers, choices, adventures, and consequences. YOU must use all of your numerous talents and much of your enormous intelligence. The wrong decision could end in disaster - even death. But, don't despair. At any time, YOU can go back and make another choice, alter the path of your story, and change its result.

The fabled city of Atlantis slipped into the sea thousands of years ago. Miraculously, while deep-sea diving three years ago, YOU found the lost continent. But when you returned to the surface of the sea with no proof, no one on Earth believed your story. Now you are attempting to return to the city and bring back proof of your discovery. A treacherous king, rebel slaves, and an evil people called the Nodoors compete to control you when you arrive in Atlantis.
