With the body bank destroyed, Callie no longer has to rent herself out to creepy Enders. But Enders can still get inside her mind and make her do things she doesn't want to do. Like hurt someone she loves. Having the chip removed could save her life—but it could also silence the voice in her head that might belong to her father. No one is ever who they appear to be, not even the Old Man. Determined to find out who he really is and grasping at the hope of a normal life for herself and her younger brother, Callie is ready to fight for the truth. Even if it kills her.
