Excerpt from Sketches and Views, Points of Interest: Richmond, Virginia, Description and Map Historic Battlefields

Richmond on the James" is one of the most interesting historical cities in the United States. The natural beauty of this city on her "seven hills" excites surprise - hills and dales, and the beautiful "falls of the James" are objects that please the eye, and travelers are loud in their praises of the beauty of this lovely city of the South. Nature has done much to beautify Richmond - but it is not the beauty of the city alone that calls forth the admiration of all who come within her borders, but the fact that its early history is so fraught with stirring scenes of frontier life and romantic incidents that their recital must form a pleasing link between the old era of the seventeenth century and the new era which began with the Civil War nearly one hundred years later.
