The Centralist Tradition of Latin America (Princeton Legacy Library) Claudio Veliz

The author describes and analyzes four principal factors that distinguish Latin America from the countries that share the northwestern European tradition: the absence of the feudal experience; the absence of religious nonconformity; the absence of any conceivable counterpart of the Industrial Revolution; and the absence of those ideological, social, and political developments associated with the French Revolution.

Originally published in 1980.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
