Everyday Activities to Promote Visual Efficiency: A Handbook for Working with Young Children with Visual Impairments Ellen Trief, Rona Shaw

Early intervention services are essential for infants and toddlers who are visually impaired and have some functional vision that they will be able to use for everyday activities--not only to ensure their early development but also to help them learn to use their vision with maximum effectiveness, right from the start. Everyday Activities to Promote Visual Efficiency offers guiding principles for early intervention with very young children who are visually impaired and who may also have additional disabilities. This important new resource provides simple activities that can be incorporated easily by families and service providers into the everyday routines of a baby or child to facilitate early visual development and use of functional vision.
