Eastern European Immigrant Families (Routledge Advances in Sociology) Mihaela Robila

Immigration from Eastern Europe to the United States has grown significantly in the last few decades. While Asian and Latin American immigrations have been central to the discourse of migration to the US, the rapid growth of Eastern European immigrants has received insufficient attention. Robila fills this gap by presenting key issues related to immigration from Eastern Europe, such as child-rearing beliefs and practices, cultural beliefs, second-generational conflicts, as well as the challenges faced by Eastern European immigrants as they immigrate around the world.
