Learning Java, Second Edition

Patrick Niemeyer, Jonathan Knudsen

Learning Java, Second Edition Patrick Niemeyer, Jonathan Knudsen

Learning Java provides an accessible yet comprehensive introduction to the programming language that has changed the way we think about computing. Java has become the language of choice for a wide variety of applications: web services, secure network systems, XML-based tools, reusable components, and mission-critical enterprise systems. *Learning Java* is filled with easy-to-follow code examples that guide you through Java's many features, APIs, and facilities. This new edition of *Learning Java* has been expanded and updated for Java 2 Standard Edition SDK 1.4. It comprehensively addresses important topics such as web applications, servlets, and XML that are increasingly driving enterprise applications. This edition provides full coverage of all Java 1.4 language features including assertions and exception chaining as well as new APIs such as regular expressions and NIO, the new I/O package. New Swing features and components are described along with updated coverage of the JavaBeans component architecture using the open source NetBeans IDE the latest information about Applets and the Java Plug-in for all major web browsers. The accompanying CD-ROM provides all you need to start working with Java immediately. In addition to the many example programs from the book, the CD includes the complete J2SE SDK 1.4, the NetBeans IDE, the Jakarta Project's Ant make utility and Tomcat application server as well as BeanShell, a simple open source Java scripting language developed by author Pat Niemeyer.

From reader reviews:

Cora Gallien:

In this 21st millennium, people become competitive in most way. By being competitive now, people have do something to make these survives, being in the middle of the particular crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated the item for a while is reading. That's why, by reading a book your ability to survive improve then having chance to stand than other is high. To suit your needs who want to start reading some sort of book, we give you this specific Learning Java, Second Edition book as starter and daily reading reserve. Why, because this book is more than just a book.

Sandra Hughes:

Now a day people who Living in the era just where everything reachable by connect to the internet and the resources in it can be true or not demand people to be aware of each details they get. How a lot more to be smart in acquiring any information nowadays? Of course the answer then is reading a book. Looking at a book can help folks out of this uncertainty Information especially this Learning Java, Second Edition book because book offers you rich details and knowledge. Of course the data in this book hundred % guarantees there is no doubt in it as you know.

Rick Maldonado:

The reason? Because this Learning Java, Second Edition is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will zap you with the secret the item inside. Reading this book beside it was fantastic author who else write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of rewards than the other book possess such as help improving your ability and your critical thinking way. So , still want to hold off having that book? If I ended up you I will go to the e-book store hurriedly.

Kenneth Jordan:

Playing with family inside a park, coming to see the coastal world or hanging out with good friends is thing that usually you may have done when you have spare time, subsequently why you don't try thing that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Learning Java, Second Edition, it is possible to enjoy both. It is fine combination right, you still would like to miss it? What kind of hang type is it? Oh can occur its mind hangout folks. What? Still don't obtain it, oh come on its named reading friends.
