BALANCING ON BARBED WIRE

The personal account of lost relationship and redemption with my father, Rev. Emery Andrews, and the WW II Japanese American Internment

A Memoir by E. Brooks Andrews | Volume 1 of 3

Growing up as a “PK,” a preacher’s kid, instills a young boy with dreams of peace and tranquility. A neighborhood rich in ethnic and religious diversity molded the author in the ways of reconciliation. It was an ideal neighborhood, a kind of Norman Rockwell painting in real time. Neighbors knew each other’s names. There was a common sense, a belief in the welfare of those, not only on his street, but those passed along through the grapevine.

The author’s expectations of the idyllic life turns to tragedy as the world plunges headlong in the abyss of world conflict: World War II. Suddenly the world of friendship and loyalty is tested when immigrants and American citizens are forced into the concentration camps of America. The result is an impact on the author that foments his own personal crisis in adulthood.
