On the fifteenth anniversary of its original publication, this newly revised and expanded edition offers readers an in-depth study of multiculturalism and diversity in the Christian Scriptures. The original edition has been abridged to make room for nearly 50 percent new material, featuring new contributions from men and women of various cultures and contexts and expanding the definition of diversity to encompass more than race and ethnicity. A great resource for college, university, and seminary courses on reconciliation, multicultural ministry, and biblical studies.
