## **JET - Ops Files** Russell Blake

JET - Ops Files chronicles the early years of Maya, who would go on to become the Mossad's deadliest operative: the assassin known as Jet. From the West Bank to Tel Aviv to Jordan to Singapore to Indonesia, Ops Files is a breakneck adrenaline rush that will leave action thriller fans gasping.

**For a limited time, JET, the first installment of the bestselling JET series, is also free.**

### **Q&A with Russell Blake**

**Q:** Why write Ops Files installments to the bestselling JET series?

**RB:** I'd been wanting to pen a prequel or two, chronicling Jet's early operational years, since about the third or fourth JET novel. The possibilities were just too alluring to pass up: Maya as she becomes the operative known as Jet, embarking on her first missions, learning, developing into the character we know from the series. The Ops Files novels are my tip of the hat to those early years, and my effort to tell a part of Maya's story that was largely left to the imagination until now.

**Q:** Maya, AKA Jet, in the Ops Files books is certainly younger and rawer than in the later novels. Was that intentional or did it just turn out that way?

**RB:** I wanted to give some explanation of how she became the super-operative, and to show that it wasn't like flicking a light switch - she had hurdles, and real issues to overcome. I mean, she clearly still had game, but it wasn't as refined, as calculated, and there was something appealing about that earlier quality I wanted to explore. I also felt free to eliminate anything that didn't move like a frigging freight train, given that we learn more about her character in the series, so Ops Files wound up being a lightning paced read, which is what I was after.

**Q:** Do you see any more Ops Files novels?

**RB:** I've already released a second one, Ops Files - Terror Alert, and plan to issue forth more as ideas occur to me. Problem is number of hours in the day. With my publishing schedule, I'll have to fit them in as I can, which means likely irregular offerings when a plot really grabs me and won't let go.
