In Touch with Technology.

Author Terry Martin's thirty years of teaching anatomy and physiology courses, authorship of three laboratory manuals, and active involvement in the Human Anatomy and Physiology Society (HAPS) drove his determination to create a lab manual with an innovative approach that would benefit students.

Laboratory Manual for Human Anatomy and Physiology includes a cat version and a fetal pig version. Each of these versions includes sixty-one laboratory exercises, supplemental labs found online, and six cat or fetal pig dissection labs. The Main Version contains no dissection exercises. All three versions are written to work well with any anatomy and physiology text.
