Isaiah Berlin

Russian Thinkers (Penguin Classics) Isaiah Berlin

Required reading for fans of Tom Stoppard's *The Coast of Utopia*-the landmark investigation into Russian history and thought

Few, if any, English-language critics have written as perceptively as Isaiah Berlin about Russian thought and culture. *Russian Thinkers* is his unique meditation on the impact that Russia's outstanding writers and philosophers had on its culture. In addition to Tolstoy's philosophy of history, which he addresses in his most famous essay, "The Hedgehog and the Fox," Berlin considers the social and political circumstances that produced such men as Herzen, Bakunin, Turgenev, Belinsky, and others of the Russian intelligentsia, who made up, as Berlin describes, "the largest single Russian contribution to social change in the world."

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
