Don't you believe that classic horror should be given the same attentive treatment that mainstream literature gets from artists, critics, and publishers? Don't you believe that the world's best supernatural fiction, horror fiction, and weird tales deserve more than a cheap paperback with a scanty bio and a kitschy, photo-shopped cover? Don't you believe that effective, masterful horror literature has the same ability to change and re-contextualize human life? At Oldstyle Tales, we believe that too. EDGAR ALLAN POE is one of those writers that we believe in -- a master of horror whose work deserves critical analysis and artistic treatment... One of the only fully annotated and illustrated editions of Poe available on the English-speaking market, this collectible volume is bolstered by thousands of critical, historical, and psychoanalytical insights, dozens of chilling chiaroscuro drawings, and two short discussions accompanying each classic tale. This illustrated and annotated critical edition includes twenty of Poe's most psychologically harrowing weird tales and fourteen of his most notable poems, specially selected to satisfy the veteran devotee and the curious reader alike. Long recognized as a cornerstone in the development of science fiction, fantasy, body horror, the weird tale, and the American short story, Edgar Allan Poe's legacy in those genres is indelible. His philosophical meditations on the combustible relationship between the mind and the body - the psychical and the physical - were often grisly, sometimes fantastical, always unsettling, and consistently cynical of humanity's ability to divorce the ideals of imagination from the reality of mortal life.
