Saint Francis De Sales

Introduction to the Devout Life Saint Francis De Sales

"Since its first publication in 1609 this book has never gone out of print. It has always occupied a privileged position in the Church: no guide ever written provides so complete, so balanced and so practical an approach to the spiritual life. Written for the layman surrounded by worldliness, this is a masterpiece of mystical and devotional literature, by a great and much loved Doctor of the Church. This book does what many similar books fail to do, teach the reader to grow in holiness, step by simple step. St. Francis de Sales was a master psychologist, with a special gift for teaching practical morality. His writings are characterized by sublime common sense. Even non-Christians have admired his prose. Above all, he is a spiritual genius, and thus was made a Doctor of the Church. This book is truly medicine for the soul. " Size: 5.5. x 8 Introduction to the Devout Life by Saint Francis De Sales, edited and translated by Allan Ross. This edition has been re-typeset using the text of the 1943 edition originally published by Burns Oates and Washbourne, London, under the imprimatur of Edm. Canon Surmont, Vicar General, Westminster, 20th November 1924.

From reader reviews:

Karen Ruiz:

Exactly why? Because this Introduction to the Devout Life is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will surprise you with the secret this inside. Reading this book next to it was fantastic author who else write the book in such amazing way makes the content interior easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of benefits than the other book have such as help improving your ability and your critical thinking approach. So , still want to delay having that book? If I were being you I will go to the reserve store hurriedly.

Waldo Gates:
