## The Art of SeX

The subject of sex had bewildered, made curious and even entranced many of its partly forbidden pleasure for its seekers in centuries past especially about the power it holds. Or why is it that we, humans, are so attracted not just with the subject of sex per se but to have sex. Are we really made to have sex? But what is sex in the first place? How is it done? This book is an attempt to make clear any vague idea about sex to give other people a better understanding about the art of sex as a whole especially its role in marriage.
