The Benefits of Occasional Fasting

At a time when obesity is a problem faced by a large portion of the population, finding a simple and healthy way of solving this problem is welcome by everyone. Occasional fasting is a practice that helps many people move away from fad diets and take care of their health in an easier and better way.

The practice of fasting occasionally helps many people to acknowledge the difference between real hunger and so-called false hunger, which occurs as a result of the habits of our body and mind.

The practice of occasional fasting has huge benefits. First, it is necessary to mention the benefits to health such as **weight loss, lowering of blood sugar, help with maintaining diabetes, prevention of some diseases such as cancer, and many others**. Another benefit that attracts the attention of many is connected with the building of muscles.

By fasting, the body is deprived of food for a time. During periods of fasting, there is no allowed consumption of food. This gives our body less calories than the number of daily calories needed, which results in a reduction of fatty tissues in the body and **helps to create strong muscle**.

Which Fasting Method Best Suits You?

As you can see in the third section, there are several known methods with proven results. The Leangains method, the Warrior method, the Eat, Stop, Eat, Fat Loss Forever method, and the Alternate Day Eat; all of

these methods are put into practice by many people who are amazed by the results.

Some of the methods require large meals in the middle of the night, but not everybody can practice this. To make sure that you will achieve the best results from fasting, it is a good idea to study all methods and **choose the one that best suits your lifestyle and daily routine.**

All of the things described in this book are reason enough to decide to try this way of developing thickness and the formation of lean, toned muscles. **If you decide to try fasting, follow the directions given in the last part of this book** and make the first step in changing your body, mind and your whole lifestyle.
