Murdered By The Invisible Hand: The Silent Conspiracy Of Death! Ronald J. Davis

NONE DARE CALL IT MURDER!

It is terrible to contemplate a death at the hands of an assassin, sent with the sole purpose of murder. Not just any kind of murder. Not a murder of passion, or the accidental death from an anonymous robbery for the contents of a wallet or purse; but a secret murder. Homicide for the reason of silence, political or social justifications – murder to shut a mouth FOREVER!

This disturbing book examines a number of deaths that stand out like a sore thumb. Maybe the death involved someone famous with a controversial past. Maybe the person was involved in the cut-throat world of politics where power and big money is at stake. Maybe the person was just in the wrong place at the wrong time!

World renowned investigator Ronald J. Davis takes an up close look at such controversial deaths as the possibly political murder of Supreme Court Justice Antonin Scalia - The strange circumstances around the death of Princess Diana - The bizarre deaths of UFO investigators - The innocent bystanders of the JFK assassination - Controversial politicians and deadly plane crashes, AND inventors whose groundbreaking technologies may have targeted them for murder by the SILENCE GROUP!

Skeptics say that there are no conspiracies. The government, military, intelligence organizations, terrorists, secret groups, etc. don't conspire to murder people. They just die by accident or suicide, but not by conspiracy. So who is ordering these deaths in the first place? Are several groups competing against each other; or does one powerful organization have an ultimate goal of world domination through the use of secret assassinations?

COINCIDENCE OR MURDER? YOU BE THE JUDGE!
