**Science vs. The Flood (Scrutinizing the Noah's Ark Story): (An Essay) (Supernatural Hypocrisy: The Cognitive Dissonance of a God Cosmology)** Kelli Jae Baeli

Directed at agnostics and those struggling with the inconsistencies in Christianity in particular, and religion in general, an author struggles to find her own Personal Cosmology by examining and sharing her beliefs and discoveries about God, the Bible and Christianity.

In this excerpt, Baeli examines the Noah's Ark Flood Myth.

"The story of the Flood has become part of our collective consciousness. Few people think to notice it with any degree of skepticism, such is the strength of religious belief. But there is something logically wrong with nearly every element in the story of Noah's Flood."
