The Opree Legacy: Book One: The Promise Anna Lenz L.

The Shadows are forgotten. These doomed warriors have stood against the empire's enemies for nearly two decades, fighting like the demons they feel themselves becoming. Each has sold his soul. Each suffers a recurring madness, a blood frenzy not always confined to combat. But they battle far from the heart of the empire, in a forgotten war. Nathaniel struggles to find his place in this new world order that is unfolding in front of him. He shines at military school, but as an outsider, he struggles to prove his loyalty to his empire while still honoring his heritage.

Lilly, is torn from her life of privilege in the colony of Lo Irant and tossed into the bleak realities facing her people. Escaping slavery, she joins with a group of radical revolutionaries, but quickly learns that freedom comes at a great cost.

This complex wide-ranging story with multiple plot lines may remind readers of *Game of Thrones* or *Dune* but this is a sharply contemporary story, darkly etched and layered with meaning. This contemporary story deals with current issues like racism, distant wars, and corrupt governments. It is darkly etched in blood and steel. Though it describes the Opree Empire, readers will recognize our earth, and our own times.
