Straw Men: A Short Story John Morse

Michigan's Upper Peninsula -- isolated, insular and cursed with a populace every bit as mean as its winters -- may be the creepiest place in America.

Topping the list of creep factors is the area's near cultish devotion to the decorative scarecrows that each fall adorn virtually every front yard and porch across the U.P. So when the straw men begin disappearing in one small town, it's considered close to sacrilegious.

Despite the determination of locals, slippery maneuvering keeps the two most likely suspects just out of blame's reach.

Are the events the antics of pranksters or could there be something much more frightening at work?
