THEY'RE ALL DEAD.

When disavowed Navy SEAL, Jasper King, receives this cryptic message from Eden Marabella, an English lit professor he's fallen hard for, he's out of his mind with worry. Her behavior was already odd when she dumped him right before heading for Antarctica, but his every protective instinct kicks in when he takes her words as a cry for help.

Eden harbors a heartbreaking secret she never wants Jasper to know, which is why she followed her biologist father to his Antarctic research station. Upon her arrival, she expects to reflect on the cruel hand she's been dealt, only to discover dozens of dead Orcas washed along a lonely stretch of shore.

Jasper is also hiding secrets he'd rather not face, which is why he doesn't think twice about calling in a favor from his boss at Trident, Inc. Protective Services to arrange transport for him to the South Pole. Upon his arrival at the station, Jasper finds Eden's actions stranger than ever until realizing he's stumbled upon a nightmare far bigger than he'd ever imagined.

Eden's father is missing, and she's been taken hostage. The demand for her release? She must reveal the location to a vast Nazi treasure vault. But how can she do that when not only has she never heard of it, but she has no idea where it could be?

Will Jasper and Eden put aside their differences long enough to find the treasure and save her father? Or will they both be killed by maniacal fortune hunters or worse yet, the brutally cold and treacherous environment?

OUTCAST is the second book in Laura Marie Altom's exciting new romantic suspense series--SEAL Team: Disavowed.

SEAL Team: Disavowed

To become a United States Navy SEAL, a man must be physically forged in steel and able to mentally compute life or death situations with laser accuracy and speed. Our country trusts these men with the most sensitive military operations—many so covert that once they are successfully completed, they are never spoken of again.

This series celebrates one particularly fierce band of brothers who valiantly battled terrorists whose crimes against nature and humanity were far too great to chance escape. On a dark night, on foreign soil, SEAL Team Alpha witnessed acts so unspeakably cruel against women, infants and small children that their consciences would not allow anything other than their own brand of justice for the scum terrorist cell.

A trial would have been too good for these pigs, and so, one-by-one they were taken out, and the women and children they'd used were freed. By dawn, an entire region breathed easier. The men of Alpha found themselves heroes to those whose lives they had saved, but virtual criminals in the eyes of the organization

they served. After a lengthy investigation, their elite, covert team was formally disbanded.

They now spend their lives deep undercover, still serving—no longer their country, but individuals who find themselves in need of not only their own personal warrior, but a particular brand of justice.

While honorably discharged, these men and their actions will forever be disavowed . . .
