## **Them Changes** Jim Paris

One of Jim Paris' first jobs after serving in the Army from 1962 to 1965 was in the mailroom of the entertainment public relations giant, Rogers and Cowan. He spent his nights exploring and enjoying the clubs, music, sex and drugs that defined the Hollywood scene in the late 60s. He formed Paris Management, Inc. a multi-media company involved with television, record, and concert production based in San Francisco in 1970 and began working with solo artists, garage bands and assorted performers. This book is as much about an insider's personal and professional life during the rock and roll scene of the 60s, 70s and into the 80s as it is about the seminal moments in history . . . including the sex, drugs and incredible music . . . that so many would have given anything to experience, but were born too late.
