Island Fever Shelli Stevens

This is a short, stand alone story (no cliff hanger), and super sexy romance

“Operation Get Leid” That’s the deal Melanie and her best friend make when they head off to Hawaii after graduating college. But seduction doesn’t come easily to Melanie, and finding someone to seduce is even more of a challenge.

That is until things take a twist--or at least her ankle does--and she finds herself in the care of a sexy doctor on his residency named Asher. And this young physician is more than willing to show her his bedside manner.

But the lines of flinging and falling in love start to blur, and Melanie knows she’s in trouble. Will she be able to leave paradise and call their summer fling for what it was? Or is she already in too deep.
