Anywhere But Here

What if you could see the future with a single touch? What if that touch revealed someone's death, and that person was someone you loved? Would you do everything you could to change it?

In a post-apocalyptic world, where danger roams in many forms, seventeen-year-old Waverly seeks protection in the town of Crestwood after her boyfriend is ruthlessly killed by lawless raiders. But what she finds is a place wrought with mystery, shady dealings, and more instability than she anticipates.

Away From The Sun

Waverly holds the vial of red liquid in her hands. She doesn't know what it is, or why it's important. But she knows that the mysterious Shadowface wants it, and is willing to do anything to get it.

Waverly hides in the settlement of Elkhorn with Ethan, but it seems that Shadowface has eyes everywhere. Now Waverly must use her power—the ability to see glimpses of the future—to try and determine when Shadowface may strike. Not only does she discover death and destruction ahead, but a betrayal among comrades.

Time is running out and Waverly must find a way to save the only friend she has left—Ethan, defend the settlement of Elkhorn from annihilation, and stop Shadowface once and for all.

Into The Shadows

The ability to see into the future has only brought Waverly pain and suffering. She has been wrong about everything. Ethan...Remi...are all of them really dead?

Stuck in Shadowface's compound, Waverly meets a girl named Amber who is determined to escape.

Through a simple touch, Waverly can see that she is destined to escape with her. But she knows it is not the end. Shadowface must be stopped.
