History of the Fifty-Fourth Regiment of Massachusetts Volunteer Infantry, 1863-1865

Luis F. Emilio

History of the Fifty-Fourth Regiment of Massachusetts Volunteer Infantry, 1863-1865 Luis F. Emilio
It is twenty-six years since our Civil War ended, — nearly the span of a generation of men. There has been almost a surfeit of war literature. Every new book issued to-day on war topics ought to be able to give good reason for its existence. Although this volume is only a regimental history, the peculiar circumstances of the organization, character, representative position, and soldierly conduct of the regiment whose story is told, seem to give the history a sufficiently wide and permanent interest to warrant its publication, even at so late a day. It will be sure to interest the surviving members of the regiment whose life it chronicles. To them it should be said that the author has spent many years in gradually collecting material for this record, and in arranging it methodically. What he here presents is the condensed digest of a great mass of print and manuscript carefully collated with the government records and with other regimental histories. He has not been willing to publish his material until this work of collection, arrangement, and collation could be thoroughly accomplished. To the present generation of the race from which the Fifty-fourth Massachusetts Volunteers was recruited, the history of the regiment should have peculiar interest. The author's treatment of the subject is simple and straightforward, with hardly a word of eulogy; and yet the plain narrative of the soldierly achievements of this black regiment is better evidence of the manly qualities of the race than volumes of rhetoric and panegyric could convey.
