MIDNIGHT SISTERHOOD: Catching the Call Girl Killer is an eBook novel on the verge of the romance and investigation genre. It is filled with moments of suspense, while retelling a story of a mysterious psychopath who commits murders to members of a sisterhood of call girls, as seen from the perspective of one of them. The story develops on several levels, including a romance plot between two of the characters, who turns into erotic, sensual action at points, depicted by explicit scenes. Paralleled to that action is the investigation of an unclear case of the serial killer, while on several occasions the reader is expected to touch upon past characters, based on flashbacks, which are presented symbolically, in a set of actions mentioned out of a chronological order. The characters are well-drawn, three-dimensional figures, some of whose inner feelings are also symbolically depicted. The story has a higher aim, and is supposed to get to the conscious as well as the subliminal parts of the mind of its readers.
