*Thinking Spanish Translation* is a comprehensive and revolutionary 20-week course in translation method offering a challenging and entertaining approach to the acquisition of translation skills. It has been fully and successfully piloted at the University of St. Andrews.

Translation is presented as a problem-solving discipline. Discussion, examples and a full range of exercise work enable students to acquire the skills necessary for a broad range of translation problems.

Examples are drawn from a wide variety of material from technical and commercial texts to poetry and song.

*Thinking Spanish Translation* is essential reading for advanced undergraduates and postgraduate students of Spanish. The book will also appeal to a wide range of languages students and tutors through the general discussion of principles, purposes and practice of translation.
