Have you ever wonder what will happen when an average-looking high school girl trying to be the popular girl in school...

Roxanne Bennett, an average-looking high school girl trying all her wits to be the popular girl in school, only to realize the more she tried the more troubles she is getting herself into...

Here's a short snippet of the content:

At the top of the food chain issss Annie.

She is sooo super duper smart and pretty as well. During algebra today, it was Annie the teacher called on to explain the latest equation.

Yep, she is that girl, privileged, intelligent and ice-cold cool... which means she has to be my friend if I am going to stay out of the invisibles....

BUT I'm pretty sure it is not going to be my fashion sense that wins her over, nor my expert people skills. I tried to talk to her but she just did not seem interested in trips to the mall, the latest action movie or my favorite brand of lip gloss... and believe you me I talked about all that and more!

Tomorrow... yes tomorrow I will have a better plan, now what is in my closet for tomorrow? MOM... I think we need to go shopping again!
