Being a Christian man today can be hard. To make it worse, the church seems intent on culling both masculinity and the Bible out of modern "Christianity." Moose Norseman takes an in-depth look at what the Bible actually says on a number of issues, and contrasts it with the agendas being pushed by the church at large. He points out how many of the messages you hear preached from your local pulpit go directly against God's Word, and gives practical advice on how to implement a radically Biblical (and masculine) way of life.
